

# Model ICW

## Instant Car Wash

If you need an easily assembled, efficient answer to your car washing problem, we have the answer!

- Have lots of cars but no place to wash them?
- Want to promote a 'Green' company image and maintain compliance with water discharge regulations?
- Need a system that can operate without a sewer connection?
- Want to save water and reduce sewer bills by recycling?

### Standard features:

- 208/230-volt, 1 phase, 60 HZ
- Hydroblaster, 2GPM @ 1500PSI
- Pressurized discharge to process (recycle)
- Overflow protection
- Inlet supply pump (wash water source) controls
- Fresh water make-up
- Polishing loop for fine solids, emulsified oils, hydrocarbon, metals, and chemical removal
- PLC controls. Automatic start up with self-diagnostics and daily operation including automatic media filter backwash and maintenance functions

### Optional features:

- Hydroblaster, 4GPM @ 2000PSI, 230V, 1PH
- Hydroblaster, 4GPM @ 2000PSI, 220V, 1PH, 50HZ
- 7" LCD color control panel with touch controls, remote operation monitoring, ethernet connectivity and data logging
- Biological odor control and hydrocarbon elimination
- Full system enclosure with thermostatic vent fan control
- Pressurized discharge to drain via PLC controlled motorized ball valve
- PLC controlled motorized ball valve sludge drains
- pH controller
- De-foam control
- Service indicator beacon

**Flow Rate - GPM (LPM):** 12 (45.4)  
**Dimension - Inches (CM):** 72" (183) L X 36" (91.4) W X 75" (190.5) H  
**Weight - LBS (KG):** 1006 (456.3)
